Pratt Auditorium in said Jaffrey on Tuesday, the 8th of March next, at nine o'clock in the forenoon (polls close at 7:00 p.m.) to vote for the Town Officers and to act on other questions required by law to be decided by official ballot. Pursuant to RSA 39:2a and the vote of the Town at adjourned session of Town Meeting on March 13th, 1979 and the Town Meeting on March 13th, 1993, the business meeting will be recessed until nine o'clock in the forenoon, Saturday March 12th, 1994, at which time the Town will act on all subjects described in the following Warrant Articles except those requiring action by Official Ballot:

Art. 1. To choose the following Town Officers: (By Official Ballot)

Moderator - Two Year Term -Marc P. Tieger
Selectman - Three Year Term - Peter B. Davis
Supervisor of the Checklist - Six Year Term - Sylvia J. Hamilton
Trustee of the Trust Funds - Three Year Term - Gary Arceci
Library Trustees - Two for Three Year Terms - Lyn Lambert
- Patricia Cournoyer
Chief Engineer - One Year Term - John A. White

Recessed until March 12th, 1994, at 9:00 a.m.

The hour of 9:00 a.m. having arrived, the Town Moderator, Marc P. Tieger, reconvened the Annual Town Meeting of the Town of Jaffrey.

The Pledge of Allegiance was led by Jonathan Burt, a Boy Scout with the Mountain Troop. An Invocation was then given by Rev. Francis Cheney.

The moderator then went over some basic guidelines of how the meeting is conducted. He then introduced Phil Cournoyer as assistant moderator, the Selectmen, Town Clerk, Budget Committee Chairman, and the mike handlers (Staci Kullgren and Nathan Oswalt).

Chairman of the Board of Selectmen was then recognized. Mr. Peter Davis then read the following resolution.
"Whereas: Mr. Charles Bacon has served the Town of Jaffrey, with honor and dedication for 50 years, in the capacity of a Jaffrey Firefighter, Civil Defense Warden, Cemetery Trustee and in many other capacities;
Now, therefore, be it resolved: the Town of Jaffrey wishes to express its sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting:

And, be it further resolved: That a copy of this resolution be presented to Mr. Charles Bacon."
Mr. Bacon accepted the resolution from Mr. Davis as the assembly gave Mr. Bacon a standing ovation.

The resolution was accepted by acclamation.

The moderator, Marc P. Tieger, then read the certification of the posted warrant. He then moved to pass on reading the warrant as a whole. It was passed by voice vote.

The moderator then read the results of Articles one (1) and twenty six (26) - said results within these minutes.

Art. 2. To see if the Town will vote to raise and appropriate the sum not to exceed Two Million Nine Hundred Three Thousand Dollars ($2,903,000), for the purpose of constructing improvements to the Jaffrey Water System. These improvements will allow the town to be in compliance with the Federal Safe Drinking Water Act. This sum will be raised and paid by the water fund. The said sum is to be raised through the issuance of bonds or notes in accordance with the Municipal Finance Act, RSA 33:1 et seq., as amended, and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to this project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto. (Recommended by the Selectmen, Recommended by the Budget Committee, 2/3 Ballot majority required).

The article was moved and addressed by Selectman Peter Davis. Mr. Davis called upon Mike Metcalf, an engineer with the firm of Dufresne - Henry to explain the project to the assembly. After some question and answer time Town Manager Jon Sistare spoke about how the project was to be funded. And after some more discussion it was moved to vote on the question.

The moderator instructed the assembly that this was to be a ballot vote and that they were to use ballot "A". The polls opened at 10:15 and closed at 11:15, with the results as follows:

Yes - 148 No - 35

The Supervisors of the Checklist stated that 187 voters registered. The ballot clerks found 185 ballots cast, and two were invalid (wrong ballot letter).

The article was passed by 2/3rds majority vote (80.9%).

Art. 3. To see if the Town will vote to raise and appropriate the sum of Three Million Eight Hundred Forty Eight Thousand Seventy Two Dollars ($3,848,072) for the purposes of defraying the cost of the Town's operating expenses for the year 1994.

Robert Bussiere, Chairman of the Budget Committee, moved the figure to read Three Million Eight Hundred Sixty Three Thousand Seventy Two Dollars ($3,863,072.00). The reason for the amended amount was that the additional fifteen thousand ($15,000) was to help the Department of Public Works with their snow removal budget.

This motion was seconded and discussion then began. The article was passed by voice vote, as moved by Robert Bussiere.

Art. 4. That all reports submitted by Town Officers be accepted as read.

The article was moved and addressed by Selectman David Belletete.

Owen Houghton asked that the following addendum be a part of the Welfare Report on page 116 "The Food Bank at the United Church of Jaffrey provided over $11,000 in emergency food to around 4,000 families in 1993. The Shelter at United Church provided emergency housing for the equivalent of 20 weeks of occupancy in 1993. The Share Food Program sponsored by St. Patricks Church and United Church provides quality foods at reduced costs to over 200 people per month, who in return contribute over 10,000 hours per year of volunteer service to the community."

Sandy Chamberlain then spoke to say that Santa's House should also be mentioned.

Town Manager then asked the assembly to consider having the Property Inventory section of the town report be printed every other year so that we could save some printing costs; he explained that town assessments do not change every year and that real estate transfers were not that numerous. This request went to a standing vote, with the results as follows:

Yes - 91 No - 55, the request was passed.

After some discussion, it was moved to vote on the question.

The article passed by voice vote.

Art. 5. To see if the Town will vote to authorize the Board of Selectmen at their discretion, pursuant to RSA 80:42 and RSA 80:80, to dispose of property acquired by Tax Sale or Tax Lien by either conveying said property back to its original owner(s) for consideration equal to all associated unpaid property taxes, interest and expenses or to sell said property at public auction after being advertised in a local weekly newspaper for three successive weeks, or to otherwise dispose of the property as justice may require. This authority will remain with the Selectmen indefinitely, or until rescinded by a vote of the Town. (Recommended by the Selectmen)

The article was moved and addressed by Selectman David Belletete.

After a lot of discussion concerning the "authorizing indefinitely" portion of the article it was agreed upon by the Selectmen and the assembly to have the article read as 1993's Article 10 read, which is as follows:
"To authorize the Board of Selectmen pursuant to RSA 31:95-b, to apply for, accept and expend any and all federal or state grants, gifts or funds that may become available during the ensuing year so long as such expenditures do not require further expenditures of other town funds, except those lawfully appropriated for the same purpose."

As in Article 10 there was concern with regards to "authorizing indefinitely. It was moved to have the article to read as last years' Article 11, which reads as follows:

MINUTES OF SPECIAL TOWN MEETING
NOVEMBER 5, 1994

The meeting was called to order at 9:00 a.m. by Moderator Marc P. Tieger. The moderator asked the audience to stand for the Pledge of Allegiance, which was followed by a moment of silence.

Mr. Tieger then introduced the head table as follows: Selectman David Belletete, Selectwoman Jeanne LaBrie, Town Manager Jon Sistare, and Town Clerk Maria Chamberlain. The moderator then went on to read the warrant as follows:

SPECIAL TOWN MEETING WARRANT

You are hereby notified to meet at the Jaffrey Fire Station in said Jaffrey on Saturday, November 5, 1994, at nine o'clock in the forenoon to act upon the following article:

1. To see if the Town will vote to approve the cost items, as stipulated in RSA 32:19, of the proposed 1994 collective bargaining agreement between the Town of Jaffrey and the Jaffrey Police Uinion, AFSCME local #3657. The cost items of the contract include a 3% across the board increase in wages from the 1993 contract, a cost sharing of health insurance to include 100% coverage for the employee and 90%/10% employer/employee cost for dependents, and a $0.50 increase in the special duty rate

The cost of living raise, and the cost sharing of the health insurance are retroactive to January 1, 1994 and are to be effective through 12/31/94. The raise in the special duty rate is effective on the date of the signing of the contract. The additional funds to meet these cost items will be taken from the 1994 police department budget as appropriated by the 1994 Jaffrey Town Meeting.

The article was addressed by Selectwoman Jeanne LaBrie. She briefly explained the article and made mention of the fact that the sentence "The raise in the special duty rate is effective on the date of the signing of the contract.", is an addition to the warrant that was orignally posted. This addendum is because we cannot go back and ask the people who hired the police for special duty to pay for this new increase after they have paid at the old rate.

Mr. Tieger opened the floor to questions, and after only one question was asked and answered, it was moved to vote on the article as presented.

The article passed by voice vote.

With no further business at hand the meeting was closed at 9:08 am.

Respectfully submitted,

Maria A. Chamberlain
Town Clerk

BUDGET OF THE TOWN OF JAFFREY , N.H.

TOWN BUDGET SUMMARY

We continue a new report which was started in last year's Town Report based upon a recommendation made from the Jaffrey 2000 Community Stewardship Project. The recommendation sought to have a summary of the budget included with its presentation to the residents of Jaffrey. The best method we feel for this explanation is just a short summary from each department which highlights their budget and any significant changes.

Town Budget Overall

The guidance we received from the Selectmen was to craft a budget which had no more than a 2% increase on the town portion of the tax rate. This guidance followed a year with guidance which allowed for no increase in the tax rate. Please remember when reviewing a budget that to look only at the expenditure side is looking at only half the picture. Just as with your budget in your business or home, you have income as well as expenses. Therefore, to compare one year's bottom line of expenditures against the previous year's, does not allow for a full understanding of the budget.

The summaries which follow have been submitted by the respective department heads.

Executive, Election and Registration, Financial Administration, Building Inspection and Health, Property Records, Legal, Planning and Zoning, General Government Buildings, Insurance and Debt Service

These budgets comprise what we generally refer to as the Administration budgets. Major changes in these budgets include the full effect of the cost savings on changing insurance companies for the Town which equates to over $40,000 per year; computer hardware updates for the Town Office; and replacement of the handicap elevator at the Town Office.

Police Department Budget

The 1995 Jaffrey Police budget reflects a very modest overall increase of 1.6% over the 1994 Police budget. The major reasons for increases to the 1995 budget are as follows: 1. The 1994 negotiated union cost of living wages were not appropriated to the 1994 budget thus the 1995 budget reflects both the 1994 and 1995 overall cost of living increases; 2. The lowest state bid for a replacement police cruiser increased by $3,700 over the 1994 price.

Fire Department

The major change to the 1995 Fire Department budget is a one-time request for funding to remove the underground fuel storage tank and replace it with two above ground tanks. Without this request the Fire Department budget increase would have been 2%.

Public Works Department

The total Public Works Budget for 1995 is over $2 million, and includes Highways and Streets, Bridges, Street Lighting, Cemeteries, Parks and Commons, Sanitation, Water and Sewer. Major increases over 1994's budget are reflected mainly in the Capital Outlay and in Warrant Articles. Capital Outlay costs include a $58,000 increase in road reconstruction, a new one-ton dump truck for the Cemeteries, Parks and Commons Departments, and a new one-ton utility truck for the Water Department. DPW Warrant Articles include $88,000 for a new loader and $60,000 for replacement of the Fitch Road bridge. This represents 20% of the estimated total cost, with the State of New Hampshire providing the other 80%.

Recreation Department

For 1995 the Recreation Department established the special Recreation Revenue Fund per vote of the 1994 Town Meeting. Expenses related to revenue producing programs and activities have been "removed" from the Recreation Department's operating budget and placed into the revenue fund budget. The fund will provide accounting flexibility for program attendance increases, and allow recreation fees and donations to accumulate year to year. The Recreation Department operating budget comparatively reflects a 10% expenditure increase, due to maintenance and facility improvement projects, and wages for rink staff, secretary office hours and maintenance labor.

Public Library

The Library budget reflects the continuing efforts to provide the best service possible with a small staff and short hours. Audio and video tapes have replaced recordings in our holdings. More and more materials are available on computer. 1995 is the year that the Library plans to automate completely. Therefore, there is a one-time only line item to cover some of the hardware necessary for such a project. The rest of the funds will come from private gifts.

Respectfully Submitted,

Jonathan Sistare
Town Manager

REPORT OF THE SELECTMEN

1994 began with the reelection to a third term of Selectman Peter Davis. We all benefit from the experience Peter brings to the Board. The year has been a very busy one beginning with Town Meeting. It was clear that townspeople wanted continued consultation when accepting funds and expending funds by either Selectmen or Library Trustees when they defeated articles that would have given continued authority to each under RSA 31:95-b and RSA 202-A:4-c. They also wanted to be asked each year for the authority to borrow money in anticipation of taxes.

We are now substantially in compliance with the Safe Drinking Water Act with our two new water tanks filled and our wells on line. It appears that we have sufficient water to meet state standards until at least the year 2008. We are presently testing two pilot programs, solar aquatic and a sand filtration system, to attempt to find the most economical way to treat our sewage for discharge so that we can be permitted to use our sewer system to its design capacity.

Emergency 911 is expected to begin on July 5, 1995. In anticipation of this very valuable service we have attempted to assure the people of Jaffrey the optimum safety by implementing the strong suggestions of the State Emergency Services. This has been a very volatile and emotional issue that the Board has spent much time reflecting on. We feel that the people at Town Meeting were explained the project of renaming of streets when they were asked to appropriate the money to do the renumbering. The article passed unanimously without any objections being raised about either the renumbering or renaming. We have therefore made the decision based on Town Meeting and our commitment to do what's in the best interest of everyone.

As an outcome of Town Meeting, we have no an established Economic Development Council. The Council has been very busy this year and we feel that it has had some modest successes. We feel it is important for the vitality of our community that we attract good clean industry and businesses to provide jobs for our people and expand our tax base to help lower our real estate taxes.

Perhaps one of the most important accomplishments this year is a new relationship that has been born between the towns of Jaffrey and Rindge with the Jaffrey-Rindge School Board. A historical meeting of the three entities took place in November with the goal of long term planning called the Capital Improvement Plans of each and how they effect our taxes. We need to work together and prioritize our capital expenditures to try to control our property taxes. We need to have an atmosphere of cooperation and understanding instead of each going our separate ways.

We'd like to thank our Town Manager Jonathan Sistare for all his help this past year. It is through Jonathan's management and the cooperation of all the department heads that the Town's portion of our tax bill saw no increase in 1994. We also would like to thank the many Boards, Committees and employees who give so generously of their time so that together we can better serve our community.

Respectfully submitted,

Jeanne L. LaBrie
Chairwoman

REPORT OF THE TOWN MANAGER

As we look back at 1994 to summarize and record our efforts in our respective positions, it seems as though the major effort of this office was to interpret and develop recommendations to the Board of Selectmen on how to handle the mandates from the state and federal government, specifically on the issues of water and sewer.

We were able to secure a loan/grant package from the Farmer's Home Administration to assist us in paying for the water system improvements mandated under the Safe Drinking Water Act. As the water project was under way, we began work on meeting the next mandate from the EPA, which involves upgrading the treatment process at our Wastewater Treatment Plant. The primary reason for this requirement is the relatively small size of the Contoocook River at our discharge location. We are already working with the Farmer's Home Administration on another loan/grant package for this project.

Another area where we have spent a great deal of time is the search for a new police station. We thought we might have a solution by adding to the Fire Station, but at a public meeting held in September, we got the message from those in attendance to look elsewhere and to attempt to keep the Police Station downtown. The search goes on.

An area of which I am quite proud to have been a part is the new relationship between the Town of Jaffrey and Jaffrey-Rindge School District. The Boards of Selectmen in Jaffrey and Rindge, and the Jaffrey-Rindge School Board met in November to start discussions on how to provide for a joint working relationship in terms of capital improvements, e.g. a new school, a new police station, improvements to the sewer treatment facility, etc.

At the end of 1994 we began to develop the plans for the revaluation of all property which is scheduled to begin in 1995 and be completed in 1996. The new values will be effective April 1, 1996. Please call the Selectmen's Office if you have any questions about this process.

The town's employees, department heads and I worked very hard in 1994 to find ways to continue to provide the services you have come to expect from the Town of Jaffrey, and to do so without an increase in the town portion in the tax rate. We were successful in this endeavor. I personally appreciate the efforts of all the town employees who think creatively and give their best efforts everyday.

Respectfully submitted,

Jonathan B. Sistare
Town Manager

REPORT OF THE JAFFREY PUBLIC LIBRARY

In 1994 the circulation figures increased in teh adult and children's areas, access to the state library data base has speeded up the process for interlibrary loans and audio visual tapes continue being added to our present collection.

The Trustees gave a writing table to the library in honor of retiring trustee Charles Griswold. His replacement is Patricia Cournoyer. Therese Cornellier replaced Marge Zerbel, Sue Cormier replaced Bertrand Fournier and Kathy Berkley's replacement is Katrina Yurenka, the children's librarian.

Our exhibit on Amos Fortune memorabilia continues to draw classes of school students and adults seek the packet compiled by the library staff. The Little Red Wagon and the Summer Reading Programs "Go Undercover With Books" were most successful. At the final party Gloria Lubberman entertained the children with stories and songs, certificates were awarded and the Friends provided the refreshments. The Friends decorated the library for the Christmas holiday.

The First Church of Jaffrey - Women's Group gave $400.00 to be spent bewteen the adult and children's departments. Computer programs were purchased for the children's area and video tapes went into the adult area. Rachel Evan's gift of $10,000.00 and Elizabeth Sisson's $25,000.00 will go toward automation.

The Trustees completed a mission statemetn, policies and revised the by-laws of the library for the next five years which was mandated by the state.

During the year Trustees and Staff attended local, regional and state meetings.

To our dedicated library staff, Friends, local supporters, donors, volunteers and everyone who has given time and support.to the Jaffrey Public Library. we say THANK YOU.

Respectfully submitted,

Jaffrey Public Library Trustees:

Elizabeth B. Shea, Chairman
Lyn Lambert, Secretary

REPORT OF THE CHIEF OF POLICE

It is my pleasure to present to the citizens of Jaffrey the 1994 report of the Police Department. The overall activity statistics of the department have not changed dramatically from those of 1993, with the exception of a noticeable increase in juvenile related problems. This is one area that the police shall concentrate its resources for 1995.

We face several challenges next year, the aforementioned juvenile problems, the possible relocation of the police station house and an ever increasing demand for services, while our resources locally are already stretched.

During 1994 the Jaffrey Police Department achieved several accomplishments. We extended the D.A.R.E. program into the elementary school, instituted a safe house program and upgraded our automated filing system, just to name a few.

I would like to take this opportunity to express my gratitude to all of the employees of the department. I cannot envision a more dedicated and professional group of people.

We at the Department wish to thank all of the local businesses and citizens for the support that you gave to us throughout 1994.

Respectfully submitted,

Gary A. Phillips
Chief of Police

REPORT OF THE ANIMAL CONTROL OFFICER

There were 2 confirmed rabies cases in Jaffrey this year. Both cases involved dogs bringing home parts of a raccoon. Both dogs were exposed and fortunately each dog had been previously vaccinated against rabies. Unfortunately, the owners of the dogs were exposed to the dogs before they knew that the dogs got into the raccoons, so those families received the post-exposure rabies vaccines from their doctors because of that exposure.

Although 1994 had less cases of rabies than 1993 and the raccoon population seems to be dwindling the threat of rabies is still very real.

Please stay away from wild animals especially if they appear to be confused or friendly. All mammals can get rabies. A raccoon that has porcupine quills in it or that smells like a skunk may be rabid as they usually stay away from these animals. Do not try to stop your dog if it is engaged with a wild animal, call the police. Keep all pets under your control. If your pet is allowed to run free it may have contact with a rabid animal and bring the rabies virus back to you and your family. Don't forget to vaccinate your cats, too. The rabies problem is a Public Health threat to people as well as a threat to animals. Pet owners can help reduce this threat by managing their pets healthcare properly, by observing leash laws and by reporting animal complaints to the animal control officer.

Please licence your dogs during April of 1995 and remember to keep your animals' rabies vaccine updated.

REPORT OF THE PUBLIC WORKS DEPARTMENT

The Public Works Department consists of eighteen full time, two part time, and four seasonal employees who are responsible for all the Town's roads, bridges, cemeteries, parks, commons, municipal solid waste disposal, water distribution and treatment, wastewater transportation and treatment, and the maintenance of all Town vehicles and equipment. The total Department operating budget is approximately $1.8 million.

Besides the normal daily operations associated with winter and summer road maintenance and repair, water system maintenance, etc., Department personnel initiated an in-house project to construct a 40' x 80' salt storage shed. Not only did the project save the Town a considerable amount of money, it also directly contributed toward helping to protect our valuable drinking water resources.

In January, Department personnel started cutting trees and clearing brush and stumps at the sites where the new water storage tanks and booster pump station were to be constructed. The construction portion of the project was underway from May through December, and involved constant interaction by Department personnel

The Wastewater Treatment Facility had two Pilot Programs that were initiated to test the feasibility of using sand filters or a Solar Aquatics System, which utilizes a man-made ecosystem similar to meadows and wetlands, to polish the effluent. 1994 also saw the completion of the new Cross Street Pump Station and accompanying forced main, which will greatly increase the ability of the Wastewater System to transport sewage.

Town roads that were reconstructed or rehabilitated in 1994 included Proctor Road, Ellison Street, Hunt Road and portions of Fitzwilliam Road, Harkness Road and Hadley Road. The Transfer Station/Recycling Center processed over 1000 tons of municipal solid waste and recyclable materials, and Department personnel assisted with twenty burials/cremations.

Capital purchases for 1994 included a 6-wheel dump truck and a 1-ton dump truck for the Highway Department and a 1-ton utility vehicle for the Sewer Department.

REPORT OF THE PARKS & RECREATION DEPARTMENT

The recreational programs, activities and special events conducted for Town residents in 1994, continued to run smoothly. As you will see in the attendance chart, the number of programs offered remained the same, with a slight drop in attendance due to rainy band concerts and beach days!

Our goals to provide quality programming and services to the community, organizations and residents, within its resources and reduced budget, were successful, as shown by maintaining high attendance and accommodating large demands for services.

THANKS...The Parks & Recreation Dept. & Committee wish to recognize all of the community organizations, merchants, industries, and businesses for their continued, unselfish support of recreation activities. We salute the literally hundreds of volunteers gave a most precious gift to our community and its people - TIME! We are proud and inspired by your dedication and sense of caring for the community. Major program and facility accomplishments are noted below.

1. The Parks & Recreation Dept. provided consulting, organizational and office support to several youth and adult sports and recreational organization, as well as coordinating and co-sponsoring events with other community organizations. For 1994, this totals about 1400 service-hours, representing 27% of the recreation staff's time spent supporting organizations and agencies (excludes maintenance time).

2. The successful operation of the new concession stand and support facilities at Humiston Field, for several of the community sports programs and special events, as realized by its increased use.

3. The Jaffrey Friends of Recreation donated about $4000 worth of program sponsorships and equipment purchases, while conducting their own activities (rollerskating) and supporting other agencies, in the amount of about $2000. Donations from other sources totaled $7000.

4. Once again, the Recreation Dept. planted a tree for Earth Day at Humiston Field. We worked with the Chamber to plant additional trees from the Tree Farm around town.

5. The Bandstand Summer Concert Series, supported by CFX Bank, despite the rain, attracted hundreds of visitors and residents at each concert. The Annual John Morgan 5-Mile Classic Road Race and Fun Run were successful again this summer with 146 runners.

6. Jaffrey's year-round holiday activities were once again, extremely well attended and ran smoothly. Hats off to the Yuletide Decorations Committee for the new banners and decorations for the Downtown areas. The annual Family Winter Carnival at the Jaffrey Skating Rink has now become a successful family tradition.

Please make a difference in someone's life and in the community. Take time to volunteer! Nothing feels better then the satisfaction one receives from helping people. Take time to care about the natural resources right outside our door... lakes, mountains, parks, trails, facilities and open spaces. EXERCISE THE RIGHT CHOICE...be active by signing up for a recreation activity today! Please support us with our efforts to provide quality recreation activities and services in the Town of Jaffrey.

Below is a summary of the 1994 program offerings giving participation figures and comparative percentages with 1993. We continue to seek your constant input and suggestions, as well as volunteer assistance so we may develop and execute a well-rounded slate of programs.

REPORT OF THE OVERSEER OF PUBLIC WELFARE

The year 1994 began at the same level and pace as the closing months of 1993. Those amongst us who are chronically at the margins of well being were still buffeted by the changes taking place in the region's and State's economy. The loss of good paying jobs in manufacturing and fewer construction projects were not significantly offset by increases in the service economy. There was continued need for support as families and individuals made the transition from one level of income to another.

The second half of the year saw circumstances settle, stabilize and actually begin to improve. New requests for assistance slowed as the number of families and individuals receiving assistance declined. The combination of an improving economy and a milder than normal fall and early winter contributed to keeping requests for help with heating and utility bills at moderate levels.

Even with the general improvement in economic conditions there is now and will continue to be a segment of the Town's population that will require aid and assistance.

REPORT OF THE FIRE DEPARTMENT

In 1994 the Jaffrey Fire Department answered 115 emergency calls. This is slightly less than the past few years. We had very few major incidents in the past year. The Fire Department would like to believe that this trend is in some part due to our Fire Prevention programs.

We are pleased to report at this time, that all of our Fire Apparatus is in excellent condition. The citizens of Jaffrey are to be commended for supporting its Fire Department with excellent equipment. We do not anticipate the need for any new Fire Apparatus for several years and hopefully we will not need any major repairs. We are recommending that the citizens of Jaffrey deposit $25,000 in a capital reserve fund, this is to prepare for the eventful need of new Fire Apparatus, or the need for any major repairs to our present apparatus.

In 1995 we hope to remove our 5,000 gallon underground fuel storage tank. This tank was last tested in 1992, at that time it passed that test. Because this tank has been in the ground nearly 14 years, and is located in the Well Head protection area, very close to the Turnpike Well. We feel that it is time to remove this tank. We will replace it with smaller tanks inside the building.

In 1994 the Fire Department purchased and put into service a small rescue boat and trailer, 2 cold water rescue suits along with other cold water rescue equipment. In the past year we also received 8 hours of cold water rescue training.

The Fire Department wishes to thank the Jaffrey Chamber of Commerce for recently purchasing 10 personal pagers for the Fire Department ($3,000). These pagers are the primary method of notifying firefighters of a call.

We would also like to thank the members of the Fire Company for purchasing 2 cold water rescue suits and an ice rescue sled ($4,000). This equipment was sorely needed to enhance our cold water rescue capabilities.

REPORT OF THE
JAFFREY VFW MEMORIAL AMBULANCE SERVICE, INC.

The following report was submitted by the Jaffrey VFW Memorial Ambulance Service, Inc. so the taxpayers of Jaffrey and Rindge could appreciate the savings in their budget from this free service. The ambulance service remains strong due to the generous donations and support from the townspeople of Jaffrey and Rindge as well as the dedication of the Emergency Medical Technicians on the squad. The EMT's affiliated with the Jaffrey VFW Memorial Ambulance Service, Inc. do not receive any compensation for their time, however, in this analysis the cost saving is calculated by using a compensation rate of $6.50/hour, the average pay of a volunteer firefighter.

REPORT OF THE BOARD OF ADJUSTMENT

Requests for Variances and/or Special Exceptions as provided by the terms of the Town of Jaffrey Land Use Plan are normally scheduled for Public Hearings on the first Tuesday of each month. Date, time and location of each Public Hearing is contained in the Notice of Public Hearing which is posted in two locations as well as being mailed to each abutter and applicant. Applicants appear at the Public Hearing and state their case after which time the board conducts a Site Review, followed by a decision by the Board.

In 1994 the Jaffrey Board of Adjustment received five applications for variances from the Land Use Plan, one application which requested five separate variances. This figure is down two applications from the previous year and continues the downward trend in the number of applicants each year.

Of the five applications received, the Board acted on four cases. One application was withdrawn and four applications were approved.

Applications acted upon fell into the following categories:

Setback:	3	
Internally Lit Signs	1	
District Regs and Permitted Uses	1	(withdrawn application)

As always, the Jaffrey Board of Adjustment invites and encourages interested parties to attend our Public Hearings. In some cases the applicants request affects more than just the abutters and may affect the entire district or the town. Input from all parties is encouraged and appreciated.

Christopher A. Struthers
Chairman

REPORT OF THE ECONOMIC DEVELOPMENT COUNCIL

As one of the initiatives identified by the Jaffrey 2000 Committee and the Community Stewardship Program as needed in Jaffrey and with support received from Town Meeting in 1994 the Jaffrey Economic Development Council has been formed. The mission/purpose of the Economic Development Council (EDC) is to act as liaison between the Town of Jaffrey and its business community in an effort to attract new businesses and foster growth within existing businesses, consistent with the town's economic plan.

Our first year of operation has been busy with organization, identifying goals and establishing programs to reach our goals. A small core group of citizens representing a wide scope of interests and expertise serve as the nucleus of the EDC but utilize all resources available within and outside of the community. A summary status of the first year efforts include:

- marketing plan development -- ongoing
- brochure to introduce Jaffrey to outside businesses -- scheduled to be available 1995 Town Meeting
- local business visitation program -- ongoing
- assisting local and outside businesses -- ongoing
- inventory and analyses of industrial and commercial resources within the Town creating a data base to be inter-netted with the statewide system -- ongoing
- active representation with Monadnock Business Ventures in regional economic development initiatives -- ongoing
- review and analyses of master plan and local/state regulations from a business needs perspective -- ongoing
- identification of zoning changes and capital improvement projects to help stimulate business growth - ongoing

The Town appropriated $10,000 for the Economic Development Council in 1994. $5,000 of that amount was used to contribute to Monadnock Business Ventures as part of Jaffrey's membership in this organization. Approximately $1,300 was used for miscellaneous expenses to get the Council up and running, including business cards for members and office supplies. We were fortunate to receive a donation from the Wal-Mart Corporation for $4,000 to help promote business in Jaffrey. We thank Duane Hunter, the manager of the Rindge Wal-Mart, for his assistance in this donation. The 1995 budget for the Council is proposed to be $2,500 to cover various expenses.

As a result of the above activities, Jaffrey has emerged in the region as a community receptive to business growth. Success will be slow and tedious but a positive pro-active image is a giant first step. The EDC appreciates the support from the private sector and various town departments, particularly the Planning Board, in working with the EDC to accomplish its mission. It takes all of the community being involved to accomplish successful economic development program and all of the community benefits through the growth of our tax base and the creation of jobs.

REPORT OF MONADNOCK BUSINESS VENTURES

While 1994 has definitely been the most active and productive year since the establishment of Monadnock Business Ventures in 1991, we look forward to a new year which should be just as rewarding. The base of assets acquired in 1994 will serve area towns well as we build on them to strengthen the region's economic base.

In past years, Monadnock Business Ventures has requested funds from area towns through warrant articles to assist with operating expenses. This year we are pleased to have a budget which allows us to operate without requesting money at town meetings. We are even more pleased that our operations in 1994 have resulted in considerable financial return to many area towns including the payment of back and current property taxes, donation of a building for a town recycling center, and establishment of new businesses in the region.

Sincere thanks is due the Board of Directors for their generous contributions of time, expertise and support, and also to the towns of the region for their cooperation and support.

Respectfully submitted,

Lawrence C. Ross
Executive Director

REPORT OF THE TOWN FACILITIES COMMITTEE

In November, 1993 this Committee was re-established by the Selectmen to review the physical condition and space provided by the various town buildings. The conclusion to the review was to prioritize the facilities in terms of needs and to provide solutions.

It was a unanimous decision that the police station was number one in terms of needs. The current station requires significant repairs, is located on an inadequate size lot and does not provide sufficient space to meet the requirements of the department.

The Committee has met monthly and has reviewed numerous potential solutions. In September, 1994 a public hearing was held to present one solution. The results of that meeting made it clear to the Committee that those in attendance agreed to the need for a better police facility, but were firm in their expression that it be located in the downtown area.

It is the intention of the Committee to recommend a solution to the Selectmen and to urge them to include it as an article in the 1995 town warrant.

Respectfully submitted,

Ted Shea, Chairman

Bissell Alderman Dick Grodin Jeanne LaBrie John Ojala

REPORT OF THE BUDGET COMMITTEE

Jaffrey's budget committee operates under the Municipal Budget Act and is charged by New Hampshire state law to review, finalize and present the budget at Town Meeting. This committee is made up of 7 members, 6 of which are appointed by the Moderator with the seventh being a representative from the Board of Selectmen.

The Town Manager prepares and presents a budget to this committee and after extensive review followed by a public hearing will finalize all appropriation requests for presentation at town meeting. During this review period we are meeting twice weekly on Tuesday and Thursday evenings and all meetings are open to the public. Spending levels set by the budget committee, including warrant articles, cannot by law be increased more than 10% even by the legislative body gathered at town meeting. Decreases may be legislated by any amount.

During the remainder of the year the budget committee is busy meeting on a monthly bases to review the recapitulation of all expenditures with the town manager. These meetings promote the rapport existing between the administration and the committee. Jaffrey has indeed been fortunate to have this relationship which has provided the town with the best value for its tax dollars.

The budget for the Town of Jaffrey is a fine-tuned instrument clearly illustrating budgetary requests, appropriations and expenditures. This instrument has allowed us to realistically provide a budget that meets the needs of all departments and a service level consistent with your wishes.

Municipal or town government budget needs in most recent years has remained flat with little if any increase. In spite of large expenses mandated by law such as closure of the landfill and increasing cost in the water and sewer systems the administration has held the line in many times choosing to defer needs for another time. The care of our streets and roads has perhaps been the greatest victim and we have a small increase in this year's budget to address this issue.

Like a business facing ever increasing cost of operation the remedy is simple. Cut your cost as much as possible and increase your sales and income. In town government we are honing our operational costs but we must increase our tax base to meet the needs of government service. Without more growth in Jaffrey's tax base we will continue to increase the tax rate. The only other alternative would be to eliminate some of the present services.

All meetings of the budget committee are open to the public and we would welcome your input to assist us in meeting your wishes.

REPORT OF THE CONSERVATION COMMISSION

The Jaffrey Conservation Commission (JCC) is an all volunteer advisory board appointed by the Selectmen, whose concerns are with the quality of air, water and land in Jaffrey. We are celebrating our 22nd year as an organization, having been established in March of 1972.

The JCCs work, in part, is to act as the eyes and ears of the Department of Environmental Services, evaluating and making recommendations to DES and the State Wetlands Board.

This year the JCC applied for and received a $5,000 matching grant from the Department of Resources and Economic Development in our continuing efforts to purchase 1.5 miles of abandoned railbed in the southern section of town. CFX Bank and D.D. Beans each contributed $500 in our goal to match the $5,000.

The Monadnock Town Forest was the location for building a new water storage tank and as a result the Conservation Fund received $7,200 from the resulting timber sale on the lot which we manage.

Harvey Sawyer was appointed to the Commission while Bill Jack and Charlie Koch were reappointed. The Commission financially supported and helped to coordinate the Monadnock Stewardship Program this past summer and completed a Great Blue Heron Rookery Census, which resulted in the discovery of 6 nesting sites, 22 active nests which produced 75 chicks. Our goals next year are the purchase of the railbed, tree city certification, and in general more outreach with the community.

Respectfully,

Bill Elliott, Chair
Bill Smith
Charlie Koch
Harvey Sawyer

REPORT OF THE CONTOOCOOK RIVER ADVISORY COMMITTEE

In 1991, the Rivers Management and Protection Act was passed by our State legislature. This law established a two-tier approach with 1) the State deciding which rivers to protect and how to manage the instream use of the rivers and 2) the local towns deciding how to manage and protect the shorelines and adjacent lands. The Contoocook and North Branch Rivers were chosen for protection.

A Local Advisory Committee (LAC) has been set up with representatives nominated by the Selectmen and city council members of each of the 13 communities bordering the river. Your Town's representative is:

Bill Elliott phone: 603-532-6141

This year the LAC developed a Rivers Management and Implementation Plan. Each town will receive a copy and decide which parts of the Plan to put into effect, if any.

If you own property along or like to use these rivers we would like to know your opinion, positive or negative, about the present and future use of the river and abutting land. Please let us hear your concerns.

REPORT OF THE HISTORIC DISTRICT COMMISSION

In 1994 the Jaffrey Historic District Commission held ten regular meetings and one special meeting. Seven applications were received and all were approved. Application fees totaling $35.00 were turned over to the town leaving a net expenditure of $15.00 against the Commission's $50.00 annual town appropriation.

The following officers were elected for 1994: Robert B. Stephenson, Chairman; Margaret A. Johnson, Vice Chairman; and Catherine L. Seiberling, Secretary. Members include Christopher V. Bean (Planning Board representative), George H. Cox (Alternate), William M. Driscoll (alternate), Jeanne L. LaBrie (Selectmen's representative), Owen R. Houghton and Sally J. Roberts. One alternate seat is currently vacant.

After four years of extensive work which included a 1991 exhibit by the same name, the Commission celebrated the publication of its book on Jaffrey architecture -- **Jaffrey Then and Now, Changes in Community Character**. Funding for the project was provided by the Commission's fifth Certified Local Government grant from the National Park Service through the New Hampshire Division of Historical Resources. A gala celebration and book-signing was held on October 23 following walking tours of the historic district (with the Jaffrey Historical Society). The event was attended by more than 100 people from Jaffrey and neighboring towns. The book's publication, which resulted in a flurry of local and statewide publicity, has been critically acclaimed throughout the Monadnock region. Brisk sales by the end of 1994 resulted in over 600 copies sold, yielding over $7,000 for the Jaffrey Historic District Trust to be used to benefit preservation projects in Jaffrey. The Commission wishes to again thank the many residents who assisted with this project.

The Commission continued its close and cooperative association with the Village Improvement Society through several on-going village maintenance projects that included the stripping and repainting of the Meeting House doors. The two organizations also worked closely with the Department of Public Works to examine options for closing a section of Harkness Road; landscape architect Bill Hoffman was hired as a consultant in this process.

During the year Commission members were active in the New Hampshire Association of Historic District Commissions, Inherit New Hampshire, and the Jaffrey Historical Society. In October, two members received full scholarships to attend the National Trust for Historic Preservation's annual conference in Boston. Owen Houghton serves as the Commission's representative to the Jaffrey 2000 effort, while George Cox fulfills the same role as a member of the Selectmen's Meeting House Committee. The Commission was consulted by the Road Renaming Committee on alternative names within the district, where necessary.

All residents are reminded that the Commission's regular monthly meeting is the first Thursday of each month at 7:30 PM (November-April at the Jaffrey Town Office Building, May-October at the Meeting House).

Respectfully submitted,

Catherine L. Seiberling, Secretary

The usual fee for the use of the Meeting House is: $200 for a paid performance or when the public is not invited. $75 for all other uses. Total income for the year was $2,700.

The costs for operating the Meeting House are borne by the Town - such as: water, electricity, upkeep and maintenance. This year, as in the past, volunteers spent many hours cleaning and refurbishing the building and surrounding grounds. In addition, the Village Improvement Society regularly aids in upkeep of the building. Expenditures for 1994 were as follows:

Bathroom Mirror and shutters	$ 153.42
Paint	35.72
Railing, balcony	3,800.00
Railing, handicapped	73.40
Painting, bulkhead and doors	258.00
Miscellaneous	102.27
Total	$4,422.88

This fall several volunteers spent many hours removing many layers of paint from the front doors and the door in the belfry, filling holes and having 2 coats of paint applied. It is imperative that in 1995 the exterior be professionally painted and the roof reshingled.

Respectfully submitted,

The Meeting House Committee
Peter B. Davis
Mary R. Payson
George H. Cox
